IDEA

GLAS is an innovative mobile application designed to **improve personal safety** and **create a safer**, more connected community.

It provides a digital platform where individuals can **report dangerous situations**, identify potentially unsafe areas, and quickly access assistance when needed.

PROBLEM

Many people experience **unsafe situations** in **public spaces** but **lack** a fast, accessible, and discreet way to **seek help or warn others**. Limited awareness of reported incidents and difficulty locating nearby assistance can **increase feelings of insecurity.**

STATISTICS

Registered crime	2021	2022	2023
Homicide	5	7	5
Attempted homicide	4	2	1
Bodily injury	656	675	635
Serious bodily injury	22	26	30
Endangerment of safety	357	389	405
Total registered crimes	**1,056**	**1,117**	**1,082**

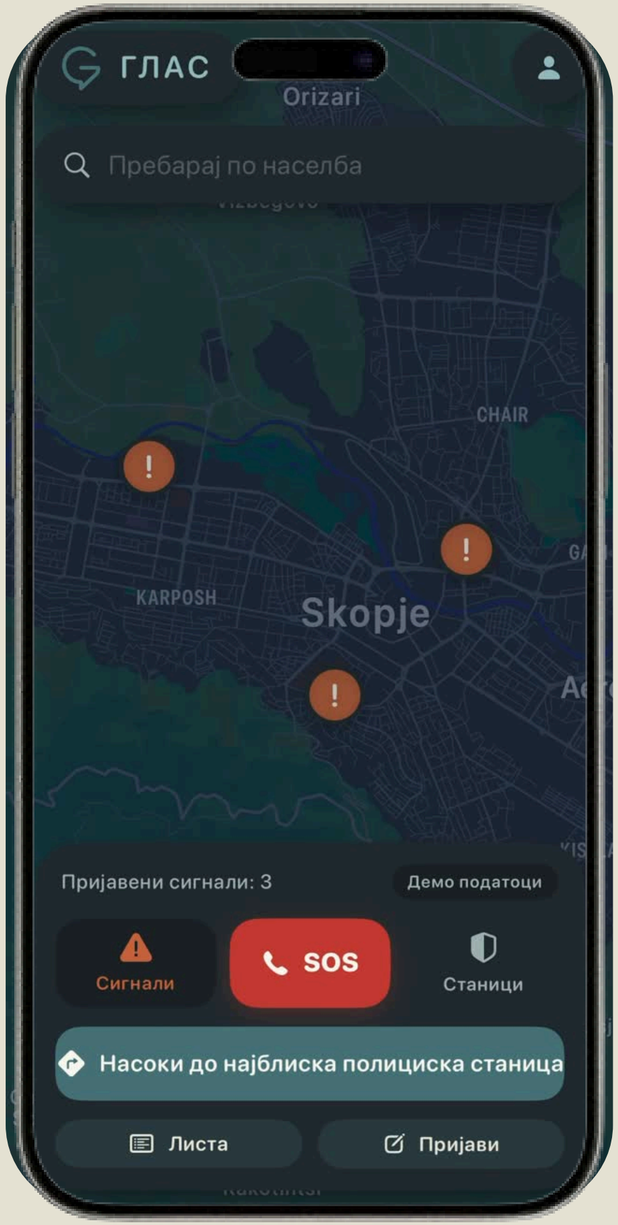

54%	Experienced at least one measured form of violence or harassment since age 15
30%	Experienced sexual harassment since age 15
14%	Experienced physical and/or sexual violence since age 15
44%	Experienced psychological violence by an intimate partner since age 15
2%	Reported the most serious incident involving a current partner to police (specific survey measure)

SOLUTION

GLAS introduces an interactive safety map that **visualizes reported incidents** across the city, helping users stay informed about their surroundings.

The application includes:

- **SOS Emergency Button** – Quick access to emergency assistance, with the goal of enabling direct alerts to authorities through future partnerships.
- **Interactive Safety Map** – Displays reported incidents and potentially unsafe locations.
- **Community Reporting** – Allows users to share information about concerning situations and help others stay aware.
- **Nearest Police Station** – Provides directions to nearby police stations.
- **Incident History** – Helps users understand previously reported safety concerns in their area.

DEMO

OUR VISION

GLAS is more than a safety application. It is a step toward a community where every voice matters and no one has to feel alone when seeking help.

A city where everyone feels heard, protected, and empowered to speak up.

Every Voice Matters

GLAS is more than just a mobile application — it is a step toward building a safer, more aware, and more connected community.

By combining technology, community reporting, and easier access to emergency assistance, GLAS aims to empower individuals to speak up, protect one another, and contribute to safer public spaces.

Our vision is to create a future where no one feels unheard, unsafe, or alone.
